

July, 2011

CCF members have elected the 2011 Chairs and Co-chairs for Steering Committee and the CCF Working Groups.

The new organization goes as follow:

**Steering Committee**

**Chair:** Paul Hampton, Qualcomm

**Co-Chair:** Gregory G. Green, LightSquared

**Technical Working Group (TWG)**

**Chair:** Asif Hamidullah, CCF

**Co-Chair:** Kashif Khan, RIM

**Co-Chair:** Kurt Bantle, Spirent

**Certification Working Group (CWG)**

**Chair:** Mitch Kettrick, CCF

**Co-Chair:** Clive Wan, Aeroflex

*"Firstly, I want to thank the members of the CCF Working groups who in the past year have devoted their time and energy to the development and completion of many projects. I also would like to extend my thanks to the outgoing chairs and co-chairs, and to the newly elected members who are now committing their time and skills to the numerous projects still in the works, such as test case reduction, LTE multimode testing, Application Test and more. This dedication from our members is critical to the success of the CCF in helping the CDMA industry improve device quality through certification"* **Bruce Jolly, CCF General Manager**
